“Building and Strengthening Our Community Through the Arts”

The Rosemount Area Arts Council (RAAC) has become an integral part of the community and surrounding area by giving residents a chance to experience, participate in, and support the arts. RAAC presents over 50 events each year with more than half of those being free.

RAAC produces a wide variety of events and programs to experience the arts. These include: concerts featuring Bluegrass, jazz, and tribute bands; Meet the Author nights; quilt shows; writers festivals; Holiday Variety Show at the Steeple Center; improv shows; art gallery exhibits showcasing area artists and students' work; and providing a week of art and music-related fun during June's ArtBlast.

RAAC is also pleased to support two theater groups. One is the Front Porch

Players, a community theater for actors of all ages to perform full-length plays such as Neil Simon's *Barefoot in the Park*. In addition, the Players have produced several melodramas and skits in support of RAAC's programs. Our other theater group is the Second Act Players (SAP), for individuals 50 years and older interested in all aspects of theater. See the link on the RAAC webpage for more details.

Our support comes from the people of the communities we serve through event admission, donations, grants, and our most important resource, annual memberships.
